Time	Item
10:00	<p>We are cancelling the March Truckee River Basin Water Group Meeting. However, I know that it is the time of year many of us are getting excited about the summer forecast for flows and reservoir levels, so we will still be getting information out to you all. Here is how:</p> <ol style="list-style-type: none"> <li>1. Tom Scott from DWR will still assemble the graphs to circulate to the TRBWG distribution list. We will have this information out to you by April 10th at the latest.</li> <li>2. We will hold an April TRBWG meeting – either virtual or in person. We will keep you posted.</li> <li>3. California does have joint program fish credit water this year. We would like to convene the Technical Response Team for a conference call in mid-late April to discuss some options for how to best use this water. TRT members can expect to hear from me in early April on scheduling that TRT meeting.</li> </ol> <p>Thanks for your patience, and if you have any specific questions, don't hesitate to contact me.</p>

## 2020 Meeting Dates

### TRBWG – monthly\*

- January 22, 2020
- March 25, 2020 - Cancelled
- April 22, 2020
